RE: Beverage contract issues

Marci:

With regards to contract 98-BEVERAGE-C between The Ohio State University and The Coca-Cola Company, all groups including internal and external groups are restricted to what beverages can be served when holding functions on Campus.

Section 7.2 states, "... *Competitive products will not be sold, distributed, dispensed, served, or sampled at the Campus or in connection with University, The Campus, or the University Marks in any way or at any time during the Term.*"

All parties holding events on the Campus are subject to this agreement.

This restriction does not apply to coffee or brewed tea. For a complete list of allowable products, please visit [www.cocacola.com](http://www.cocacola.com).

If you have any questions, please contact me.

Sincerely,

Frank Grubb,  
Senior Buyer
